Imagine a life without colors... Impossible! Colours give us energy and put us in a good mood, they help us face the days with positivity and tenacity. We have reserved a sophisticated selection of Restaurants & Bars with the Best Coloured Interiors: from deep green to pastel pink to transgressive orange and so on.

1. MISU by FADD Studio / Bangalore
MISU is the contemporary and edgy interpretation of a restaurant inside a church with classical and colonial western elements meeting fine and minimal Japanese shapes in a beautiful and mesmerising confluence of glamour and grunge. Indirect lighting softly illuminates the mesh arches and hand painted walls to create an intimate atmosphere at night.
Address: 4th Floor Halcyon Complex, St Marks Rd, 560025 - Bangalore, India

2. Burrito Loco by Formafatal / Prague
The design of the interior is inspired by the theme of Mexican cuisine and its colors. The essential element is the cactus symbol, which is dominant in the interior and stylized in different forms. Other features include also sombreros and garlands. The hanging lights are made of typical Mexican hats. The garlands could not be missing at any Mexican party, so they are hanging on the trees nearby each tin stand with refreshment.
Address: Prague, Czech Republic

3. Baiben by Ilmiodesign / Palma de Mallorca
Everything in Baiben, such as its colours and its forms, evokes the beaches of Mallorca, with their

seabed and myriad of living beings. Handmade stained-glass windows that separate spaces and, with their amber and turquoise tones, remind guests of the fusion between sand and sea.
Address: Carrer d'Antoni Maria Alcover, 1, 07181 - Palma de Mallorca, Illes Balears, Spain

4. Anar by H2R Design / Dubai
This Persian restaurant evokes the traditional spirit adding modern twists and feast-worthy tones. H2R Design studied the colour palettes of Persian design including traditional art, language, music and tastes to delve deep into the cultural context and bring it forward to the modern world.

With that as a goal, the designers curated interiors that brought icy lapis lazuli together with igneous burgundies, timbers, metallics and lighting to create a newly refined version of Anar.
Address: Al Sufouh Rd, Jumeirah - Dubai, UAE

5. OssO by Gustavo Penna / Nova Lima
The fire in the color of the walls and ceiling and the amber-tinged lights bring the customers a feeling of coziness. One of the focal point of is the big Grim Grid ceiling – made out especially for the restaurant, above there are layers of clear fabric foam in order to better reflect the light.
